

Kishan Patel

Front-End Developer

kpatel.tech.mca@gmail.com | 9313440726 | Aithor, Gujarat | LinkedIn | GitHub

PROFILE

MCA student with skills in **Java, JavaScript, and Python**, experienced in building responsive web applications using **HTML, CSS, and React.js**. **Familiar with MySQL, DSA, and version control using Git/GitHub**. Able to develop and integrate frontend and backend components, implement CRUD operations. Eager to apply technical knowledge in real-world projects, learn new technologies, and contribute effectively in a professional development environment.

EDUCATION

Master of Computer Application, Parul University 2024 – 2026 | Vadodara, Gujarat
CGPA : 7.96/10

Bachelor of Commerce, Shri V R Patel Collage of Commerce Mehsana 2022 – 2024 | Mehsana, Gujarat
CGPA : 7.34/10

12th commerce, Sheth MRS High School 2021 | Unjha, Gujarat
Percentage : 61.71 %

10th General, Patel M.H. High School 2019 | Aithor, Gujarat
Percentage : 67.67 %

PROFESSIONAL EXPERIENCE

FUTURE INTERNS, Full-Stack Developer Dec/2025 – Jan/2026

- Completed a structured Full Stack Web Development internship focusing on both frontend and backend technologies.
- Developed responsive and user-friendly web interfaces using HTML, CSS, JavaScript, and React.js.
- Worked on backend logic and API integration to support dynamic web applications.
- Followed clean coding practices, modular architecture, and version control using Git/GitHub.
- Collaborated on real-world project tasks, improving problem-solving and debugging skills.
- Gained hands-on experience in deploying and testing web applications in a real-world environment.

PROJECTS

Portfolio, :- html, css, js

- Developed a responsive personal portfolio website using HTML, CSS.
- Showcases projects, skills, certifications, and contact information.
- Integrated GitHub links and deployed the website for public access.
- [GitHub Link](#)

Online Vehicle Service Booking System, :- python, html, css, js, Mysql

- Web-based Online Vehicle Service System developed using python, html, CSS, JavaScript.
- Allows users to book vehicle services, manage appointments, and track service status online.
- Implemented secure user authentication and real-time data management using Firebase.
- [GitHub Link](#)

e-commerce website, :- React.js, Tailwind CSS, Context API, Node.js, MySQL

- Built a full-stack e-commerce platform using React.js, Node.js, and MySQL.
- Features secure user login, dynamic product filtering, and real-time cart management.
- Deployed the application live using Netlify (Frontend) and Render (Backend) with cloud database integration.
- [GitHub Link](#)

SKILLS

Programming: Java, JavaScript, Python, OOPs

Web Development: React.js, html, css

Databases: MySQL, MongoDB

Other: Data Structures & Algorithms, Git, GitHub, Operating Systems, DBMS, Computer Networks

CERTIFICATES

- | | | | |
|-----------------------------|-------------|--------------------|-----------------------------|
| • Java | • Python | • Computer Network | • Data Science Using Python |
| • Exploratory Data Analysis | • PHP & SQL | • Hackathon(NASA) | |

ACHIEVEMENTS

- Solved 100+ LeetCode problems and 300+ DSA problems across platforms.
- Participate in national-level hackathons delivering AI-driven prototypes.
- Active AIU volleyball athlete; mentored junior players and coordinated events.
